

# Step-By-Step Instructions

## Spider:

- 1-Start with the white side of the paper up. Fold and unfold in half.
- 2-Fold and unfold in half the other way. Then, turn the paper over.
- 3-Fold and unfold along the diagonals.
- 4-Rotate the paper 45° counterclockwise. Then, turn it over.
- 5-Collapse along the existing creases to form a Square Base.
- 6-Lift the top right flap and Squash fold it flat.
- 7-Turn the model over and repeat Step 6 on the other side.
- 8-Repeat Step 6 on the two remaining flaps.
- 9-Fold and unfold the left and right edges to the centerline.
- 10-Use the creases from Step 9 to make a Petal fold.
- 11-Turn the model over and repeat Step 10 on the other side.
- 12-Repeat Step 10 on the remaining flaps.
- 13-Rotate the model 180°.
- 14-Fold the top triangle up. Then, gently pull the two top flaps apart to open the triangular flap.
- 15-Push down the center and sink the triangular flap into the pocket. You are reversing the triangle creases to perform an open sink.
- 16-Turn the model over and repeat Steps 14 to 15 on the other side.
- 17-Repeat Steps 14 to 15 on the remaining flaps.
- 18-Fold the top left and right edges to the centerline. Turn the model over and repeat on the other side.
- 19-Repeat Step 18 on the remaining flaps.
- 20-Inside reverse fold the top flaps along the dotted lines. Turn the model over and repeat on the other side.
- 21-Pull one pair of legs downward and flatten them.

22-Mountain fold the legs downward along the dotted lines.

**Tip:** You can also outside reverse fold the legs. However, a double-sided paper is recommended to avoid having white gaps.

23-Blow gently into the hole to puff up the body.

24-Create another Frog Base by repeating Steps 1 to 12 on a new sheet of paper.

25-Fold the top triangular flap up. Then, repeat on the other side.

26-Flip the top right flap to the left and repeat Step 25. Then, repeat on the remaining flaps.

27-Pleat the left and right top flaps behind the front layers. Repeat on the other side, folding at a slightly higher angle.

28-At the level of the front layers, fold the body and leg edges to the centerline. Start folding from the top down, creating a swivel fold at the junction. Repeat on all remaining sides.

29-Mountain fold the legs upward along the dotted lines.

**Tip:** Again, you can also outside reverse fold the legs. However, a double-sided paper is recommended to avoid having white gaps.

30-Insert the finished top half into the bottom half.

**Tip:** Fold the long flap in half to make the insertion easier.

31-Your origami spider is completed.

**NOTE:** *If you are a beginner, then use Kami paper to make origami. While for experts, You can use Origamido paper, Tant paper or double tissue paper*
