

Step-By-Step Instructions

Turtle:

1-Start with the white side of the paper up. Fold in half vertically and unfold. Then, turn the paper over.

2-Fold the top edges to the centerline. Then, turn the paper over.

3-Fold the top edges to the centerline again, but only through the top layer. Be careful not to crease the flaps you made in the previous step (see picture).

4-Fold the bottom edges up to meet the centerline. One small white triangle will sit on top of the other.

5-Fold the right flap down, aligning the reference point with the bottom edge.

6-Repeat on the left side.

7-Fold the top square area in half along the horizontal diagonal.

8-Fold the top flap up, aligning the circled points.

9-Fold the left and right edges of the top flap up to meet the top edge. Then, unfold.

10-Swivel fold both the left and right sides inward toward the center, using the creases from the previous step as guides.

11-Pleat the bottom corner to form the turtle's tail. Then, turn the model over.

12-Pleat the tail and narrow the body.

13-Narrow the arms and legs to add the shape and volume.

Tip: Pleat the arms to shorten them and give more volume to your model.

14-Your origami turtle is completed.

NOTE:*If you are a beginner, then use Kami paper to make origami. While for experts, You can use Origamido paper, Tant paper or double tissue paper*
